

PAT BOONE

My friends,

In these tough economic times America needs strong leadership. One of those leaders has been Congresswoman Michele Bachmann of Minnesota.

You may remember me from some of my hit songs, Love Letters in the Sand, April Love, Ain't That a Shame, and many others. Yes I'm still performing at concerts but today I'm singing the praises of Michele Bachman.

Today I am proud to officially endorse her and ask for your support in her reelection bid.

Michele has been a strong advocate of limited government, less government spending and lower taxes. Now is the time when we should all show our support for Michele and reelect her for another term as a member of Congress.

Michele's opponent is Tarryl Clark, an out-of-touch liberal who supports higher taxes, including taxing social security benefits! The race in Minnesota has taken a nasty turn, with Tarryl falsely attacking Michele on Social Security.

Michele Bachmann has been a strong supporter of seniors, and has repeatedly stated that anyone currently receiving Social Security or Medicare should not have their benefits changed in any way.

In this last term, Michele voted against the Health Care reform bill because it cuts Medicare by an astonishing \$500 Billion!

Tarryl Clark supports Obamacare, taxing Social Security and Medicare cuts, in contrast Michele supports our seniors, opposes Obamacare and will fight to protect our benefits.

Please join me in supporting Michele by voting for her on November 2nd.

Sincerely,
